MARIA UHLIN

Project Manager & Photographer

PROFILE

I am a DIY (Do IT Yourself) person. That, together with my characteristics and interests, has given me many experiences and skills. The combination of being creative, technical and analytical has made me a person full of ideas and quick to solve challenges. My driving forces are to create, develop and nurture.

WORKING EXPERIENCE

-Project Manager & Photographer (2001 - now)
-Project management assignments within creative productions and processes.
-Photography assignments in product, portrait, art and architecture.

-Head of Production, GS1 Photo & 3D Studio (2011 - 2023)
During my roughly 11 years as an employee at GS1 Sweden, I have built up and managed GS1's Studio for Photography and 3D production as well as various image bank services. I have worked on picking out strategies, developed products, managed sales, set system requirements, prepared marketing materials, and led various change management and projects. I have also worked creatively with various assignments for photography, film and post-production. In my role, I have had the personnel, premises and budget responsibility.

-Teacher in Photography, Kulturama (2006 - 2011)
Teacher in creative photography, camera technology, studio lighting, digital imaging treatment, analog darkroom technology and photo history at Kulturama Photographic Art Education, Gymnasium and evening courses.
